Buch-Information

Autoren: Irfan Ahmad
Titel: Esthetic Clinical Case Studies
Untertitel: Dilemmas & Solutions
Kurztext:

This beautifully illustrated book addresses common challenges in the esthetic zone. Focusing on the anterior dentition, the author demonstrates how a systematic, evidenced-based approach can transform esthetic dilemmas into solutions. The pros and cons of various treatment options are presented in the comprehensive planning of each case. Copious drawings and clinical photographs detail every stage of treatment and show the latest techniques for achieving optimum esthetics. Each case presentation guides the practitioner through the most salient parts of clinical practice and provides ample instruction on how to refine clinical results for success in any practice.
