## Book information

**Authors:** Louie Al-Faraje  
**Title:** Oral Implantology Review  
**Subtitle:** A Study Guide

#### Short text:

This new edition of Dr Al-Faraje's bestselling study guide features over 800 practice questions on oral implantology, including over 100 new questions on medical evaluation of the patient, bone grafting, growth factors and platelet concentrates, and zygomatic and pterygoid implants. These new topics supplement the robust contents from the first edition, covering medical problems, biomedical sciences, radiology and computer-assisted technology, anatomy, biomechanics, patient data, treatment planning, principles of implantology, bone and soft tissue grafting, implant prosthodontics and occlusion, esthetics, maintenance, pharmacology, and complications. This book is perfect for board review or simply to sharpen your mind for all things implantology.

#### Contents
