Book information

Authors: Paul Sipos / Andreas Nolte

Title: Casebook

Short text:

This “casebook” contains a wealth of illustrative records documenting cases that can be used for reference and instruction. The book, written by a highly skilled dentist and dental technician team, shows clinical and dental procedures for specialized treatments using multiple techniques that have achieved excellent results. The high-quality photographs and concise texts make it a visually stimulating and informative reference for treating anterior dental anomalies with the help of implants.
