## Book information

**Authors:** Peter Katz / Anna Katz

**Title:** Dentistry in Art

**Subtitle:** The Treasury of Visual Art from the Dawn of History to the Present

#### Short text:

This book presents a superb collection of art, reflecting the dentist's role in society and the relationship between doctor and patient through the history of civilization. It contains an international selection of artwork, tracing both the history of art and the development of dentistry from ancient times to the present day, illustrating changes, perceptions, and applications of dentistry through varied styles and artistic media. A short presentation of the artist and the subject of his artwork accompany each work of art.
