

Authors: Nicholas J. A. Jepson
Title: Removable Partial Dentures
Series: QuintEssentials of Dental Practice

Short text:

If partial dentures are worth making, then they are worth making well. This book presents a review of demographic changes in the partially dentate population, the increasing availability of alternative treatments, and evidence for the long-term effectiveness of partial dentures. In addition, it provides evidence-based guidelines that practitioners can apply to the design, preparation, completion, and maintenance of removable partial dentures in their everyday clinical practice.

Contents

- Chapter 01. Partial Denture Provision
- Chapter 02. Indications for Partial Dentures
