## Buch-Information

**Hrsg.:** Lam, Din / Laskin, Daniel M.  
**Titel:** Oral & Maxillofacial Surgery Review  
**Untertitel:** A Study Guide

#### Kurztext:

This comprehensive text, prepared by experts in their field, provides a quick and effective way for both residents and busy clinicians to review important information and published literature in dentoalveolar surgery and implantology, anesthesiology, medicine, pathology, orthognathic surgery, craniofacial and reconstructive surgery, cosmetic surgery, and TMJ disorders and facial pain, as well as to gain new knowledge in these areas. The content is organized in bullet-point format and complemented by numerous illustrations, tables, and algorithms, making the material easy to remember. This is an excellent resource for board preparation as well as recertification.
