Buch-Information

Autoren: Raj Rattan / John Tiernan
Titel: Risk Management in General Dental Practice
Reihe: QuintEssentials of Dental Practice

Kurztext:

The need for an effective risk-management strategy for the dental profession has never been greater as dentists face the dual challenges of regulation and legislation and cope with the heightened expectations of an informed public. This book explores the many facets of risk management, including consent, ethical issues, effective communication, complaint resolution, and risk assessment.
