## Informazioni sul prodotto

**Autori:** Klaus-Peter Valerius / Roland Kreuzer

**Titolo:** Muskelkarten

**Sottotitolo:** Comprehend | Understand | Apply

#### Testo breve:

The current, completely revised 3rd edition of these cards in a practical, sturdy card box. The muscles of the musculoskeletal system on 217 flashcards, structured according to the physical regions of the upper extremity, lower extremity, trunk, neck, and head. Clearly designed and visually presented for quick reference. On the front of the cards, the anatomical structures are graphically illustrated and their location on the human body is marked. On the reverse side, the origin, attachment, and innervation of each muscle are described, along with their functions and synergists. In addition, these muscle cards have been expanded to include the most important nerves.

**Categorie:** Medicina generale, Fisioterapia
