Buch-Information

Autoren: Douglas A. Terry / Willi Geller
Titel: Esthetic and Restorative Dentistry
Untertitel: Material Selection and Technique
Kurztext:

Restorative dentistry has seen dramatic advances in recent years, especially with the use of digital technologies, and this book provides the most up-to-date information on enhanced developments, materials, and techniques that have emerged since the publication of the second edition, offering the reader a completely updated, revised, and newly illustrated overview of modern esthetic and restorative dentistry complete with tutorial videos. New topics include web-based communication with the laboratory, indirect composite chairside CAD/CAM restorations, a comparison of digital and conventional techniques, the resin composite injection technique, as well as updated information on composites and ceramic systems, including esthetic zirconia. New cases illustrate the maintenance of esthetic restorative materials, esthetic contouring, immediate dentin sealing, and novel surgical techniques such as lip repositioning, connective tissue grafting, and ridge preservation with collagen membranes. Dr Terry expanded his team of editorial reviewers to include the best minds in research and clinical practice, and the final product is a testament to his dedication to patient satisfaction and treatment success. The techniques demonstrated in this book will no doubt elevate your practice to the next level.

Contents

Chapter 01. Diagnostic and Communication Concepts
Chapter 02. Principles of Tooth Preparation
Chapter 03. Composite Resins
Chapter 04. Ceramic Materials
Chapter 05. The Impression Process
Chapter 06. Mechanisms of Adhesion
Chapter 07. Contemporary Adhesive Cements
Chapter 08. Provisionalization
Chapter 09. Esthetic Post Systems
Chapter 10. Finishing and Polishing Esthetic Restorative Materials
Chapter 11. Dental Photography
Chapter 12. Periodontal Plastic Surgery
Chapter 13. Interdisciplinary Implantology
Chapter 14. Biomodification of Tooth Discoloration

Fachgebiet(e): Ästhetische Zahnheilkunde, Restaurative Zahnheilkunde
