

Autoren: Helen D. Rodd / Alyson P. Wray
Titel: Treatment Planning for the Developing Dentition
Reihe: QuintEssentials of Dental Practice
Kurztext:

This book presents the basic principles underlying sound treatment planning for the young patient, whose early experiences can significantly affect future behavior and attitudes. Treatment planning is not merely a sequence of procedures, but should address the individual social, medical, and dental needs of each child.

Contents

Chapter 01. The First Visit and Information Gathering
Chapter 02. Interceptive Orthodontic Treatment
Chapter 03. Planning for Prevention
Chapter 04. The Restorative Phase of Treatment
Chapter 05. Management of the Dental Emergency
Chapter 06. Recall Strategy
