Authors: P. Finbarr Allen / Seán McCarthy
Title: Complete Dentures
Subtitle: From Planning to Problem Solving
Series: QuintEssentials of Dental Practice

Short text:

The proportion of elderly adults is rapidly rising as life expectancy increases. Many of these adults will not retain sufficient numbers of teeth for the remainder of their lives, and will require complete dentures at some point. This book deals with the planning, construction and review of complete dentures and examines the role of osseointegrated prostheses in the management of edentulism.
